## Talk Notes – Waiting on the Lord

This week we are talking about waiting on the Lord and what that means. Last week we heard about receiving the Holy Spirit and how the disciples were waiting on him. To wait on the Lord we need to put our hope and trust in him. It is one step at a time, one day at a time.

For God to help us in our lives we need to let him do it by asking him to change our ways to follow him. You may feel like your relationship with God is great but no matter how long you have been a Christian there are always things we need to work on.

*Read Psalm 41 and 42 and let us know what you think about what David says.*
